## Numbers Training

### Let's Train Together!

Perfect your number readiness skills with Chuggington!

Learn and play with your Chuggers with these traintastic puzzle counting cards. Each two-piece puzzle will help preschoolers learn counting skills and number and color recognition skills.

Each matching puzzle features a number from 1-10 on one piece and a corresponding number of traintastic images on the other! As your chuggers count and match, they will develop new math skills as they play!

Don't lose your puzzle pieces, put them in a box or bag to store for more counting fun!
