

KOKO'S HOLIDAY COOKIE TREES RECIPE

Whip up some holiday cheer by creating these delightfully sweet cookie stacks designed to look like Christmas trees! You can customize the decorations by adding your favorite food coloring to the mix!

Ingredients:

- 1 bag of your favorite sugar cookie mix
- 1 container of white icing
- 1 bottle of green food coloring

Instructions:

1. Mix cookie dough as directed on cookie mix packaging
2. Create one batch of large cookies and bake as directed on cookie packaging
3. Create two more batches, making cookies smaller each time
4. In a bowl, mix icing and food coloring until you get an even light green color
5. Create a piping bag by filling a sandwich bag with the frosting and cutting a small hole at one of the bottom corners
6. Create cookie trees by stacking 6-8 cookies from largest to smallest and putting frosting around the outer edges (so it peeks out) and in the center
